Games are played according to World Curling Federation rules.

• Team leasted first – playing with dark stones.

• The opponent for each subsequent round will be defined by ranking. Two teams cannot play each other twice at any stage in the competition.

• Win – 2 points, draw – 1 point, loss – 0 points.

• There will be no T-shot before the game, therefore we ask teams to decide the right of the last stone before the first end by tossing a coin for first game .

In other games – team with better result has a hammer.

• 110 minutes after the start of the game will be played last end.

This means that the current end must be completed, and one further end shall be played (to a maximum of 8 ends). There are no extra ends at any stage in the competition. The end starts when the first stone has crossed the T-line.

• We ask all the players to return the stones to the home end when the game is finished.

• There will be live scoring available on the web, therefore we ask everybody to put the score on the scoreboard as soon as possible.

• Team Skip's will be asked for a signature after every game. This will ensure that the score of the game is final.

• If a measure is needed then this will be done by the players.
